

Z Breeze

A non-monthly publication of Group Z for January and February 2012

Welcome renewing members, Ray Hoen, Bob Heckendorf and Sergio Mihalich

::: Message from the guy who retains control of the club ID stuff :::

Our next general meeting is 5 days before Valentines Day. What do you ask, could be nicer than to bring your two sweeties (one being a Z car) to Fudd's on the evening for eats and camaraderie?

Set the big "V" day up with participation and a great big burger or some damn stupid gastronomic thing. Then (next week) your box of cookies or a fist full of flowers will be more appreciated. Now would be the time to expect a case of 20/40 oil.

At the January meeting the club members unanimously reduced the new member initiation fee. See, if you had been there you could have made your opinion heard and, if you so chose, voted too.

The plea(s) for a membership/ID and full time newsletter person is very much in effect. The way this is supposed to work is ya get a half dozen members together and coordinate, plan, propose, insinuate, swear to join a Toyota club.....but work together and make a good club letter better. We also should have a poll-taker, to determine what events would be the most attended. Humm, that's most likely under the "Events Coordinator control.)" Just looked over the C & BL's and the EC has enough to do. I want another person to do statistical and research projects. Any volunteers?? YOU pick the BoD/officer you want to report to and work with.

Our treasury is in good fiscal condition. I want this year to contribute to the charities we decided on in November of 2009. Those were, Fullerton Interfaith.....Make-a-Wish....OC Food Banks....Salvation Army....4-Kids Sake....and Someone Cares Soup Kitchen. The list was later shortened/adjusted to be either Food or Homeless Shelters. I do not have a record of when this occurred. I want to

have this finalized by this April or May. If you cannot make a general membership or BoD meeting, email me with your choice or comment.

.....Happy birthday to Robert Gordon.....

It's membership renewal time for Gerry Dingman and Dick Yarosh.

Still waiting for a check from Curt Wheeler for January.

On the following pages are what is known as "fill." The editor can do most anything with this available space. Just keeping it legal and non-x rated is all that is really required. We just got a new printer/scanner etc etc and I have not yet discovered its inner workings. Consequently there is no attached membership form, or a really clever page I wanted to share. Maybe next issue, stay tuned and come to this Thursdays meeting.

C ya there.....
